TERMINAL DISCLAIMER UNDER 37 C.F.R. §1.321 (b)

Sir:

The Disclaimant, Ortho-McNeil Pharmaceutical, Inc., a corporation of the  
State of Delaware, having an address at U.S. Route 202, P. O. Box 300, Raritan, New  
Jersey 08869-0602, verifies through its duly authorized representative that it is sole

owner of all right, title and interest in the above-identified application, that is, U.S. patent application Serial No. 10/775,675, filed on February 10, 2004, which is a continuation of U.S. patent application Serial No. 09/911,605 filed on July 24, 2001, now issued as U.S. Patent No. 6,713,475 on March 30, 2004, which is a continuation-in-part of U.S. patent application Serial No 09/468,650 filed on December 21, 1999, now abandoned, which claims priority from provisional patent application Serial Number 60/116,358 filed on January 19, 1999, by virtue of an assignment recorded on 01/15/2002 at Reel 012479, Frame 0584 ( 6 pages) in the United States Patent and Trademark Office ("USPTO") assignment records.

Disclaimant hereby disclaims the terminal part of any patent issued on the present application Serial No. 10/775,675 that would extend beyond the expiration date of the full statutory term of reference U.S. Patent No. 6,713,475, issued on March 30, 2004, which is solely owned by the Disclaimant by virtue of an assignment recorded on 01/15/2002 at Reel 012479, Frame 0584 ( 6 pages) in the USPTO assignment records.

Disclaimant further agrees that any United States patent so granted on the above-identified application Serial No. 10/775,675, which is the subject of this disclaimer, shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to reference U.S. Patent No. 6,713,475, this agreement to run with such patent and to be binding upon the grantees and their successors and assigns.

Nothing herein shall be construed as a disclaimer of any terminal part of any patent granted on the above-identified application Serial No. 10/775,675, which is prior to the expiration of the full statutory term of reference U.S. Patent No. 6,713,475 in the event that reference U.S. Patent No. 6,713,475 later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321, has all claims canceled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

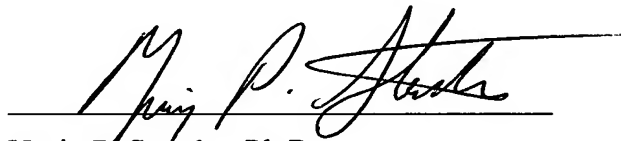

The fee specified in 37 C.F.R. §1.20 (d) in the amount of \$ 130.00 for the filing of this Terminal Disclaimer is hereby authorized to be charged to Deposit Account No. 10-0750 of Johnson & Johnson. Authorization further is given to charge the amount of any additional fee or amount properly payable for entry of this

Terminal Disclaimer, or Response submitted herewith, to Deposit Account No. 10-0750.

I, Yuriy P. Stercho, represent that I am principal attorney of record in United States Patent Application Serial No. 10/775,675 and am authorized to execute this disclaimer on behalf of Ortho-McNeil Pharmaceutical, Inc. I further declare that the evidentiary records of ownership have been reviewed and I certify that, to the best of Disclaimant's knowledge and belief, sole title is in the Disclaimant seeking to take action.

I hereby declare that all statements of fact made herein are true, and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,
